Thank you for participating in the BCMC After School Clubhouse program. This is a United Way funded program, that is why we are able to provide this program for such a low fee. The United Way has supported BCMC for many years and we are very grateful. In order to keep our funding the UW requires information that our program is successful. We would like feedback on how the program has impacted your child's grades, homework completion, reading skills and overall happiness about school and activities at the Center. If you could provide this in a short letter by January 2018 that would be wonderful!
